Chromebook Loan Agreement

Expectations for Parents:

- I take full responsibility for my student’s district issued Chromebook.
- Any loss or damage that may occur during the time it is checked out during distance learning will be my responsibility.
- Once the distance learning program ends, or the 2020-21 school year ends, I am obligated to return the Chromebook to the school free of any damage, in the same condition as when issued.
- If my student, or anyone else, damages or destroys the Chromebook during this time, I will pay for the replacement of the Chromebook or repairs.
- I will allow my student to use the device for educational purposes only and restrict access to any inappropriate sites or material.

Expectations for Students:

- Students are responsible for the general care of the Chromebook which they have been issued by the school.
- Tampering with or vandalizing hardware, software, or data will not be tolerated and result in loss of loan privileges.
- It is each student’s responsibility to check the device before and after use and to report problems to the teacher immediately.
- Do not attempt to modify the appearance or operation of any technology equipment. This includes, but is not limited to, commands, copying or installing software, setting pass code locks or copying files of any type.
- A student using the Internet may visit only teacher-approved sites, and they must abide by the conditions of the CUSD Internet Acceptable Use Policy.

General Precautions:

- No food or drink is allowed next to your Chromebook or while it is in use.
- Clean/disinfect the device using only isopropyl alcohol. Do not use cleaning wipes or other cleaners on the Chromebook.
- Cords, cables, and removable storage devices must be inserted carefully into the Chromebook.
- Students should never carry Chromebooks while the screen is open.
- Chromebooks should be shut down when not in use.
- Do not expose your Chromebook to extreme temperature or direct sunlight, as extreme heat or cold may cause damage to the device.
