

INTERNATIONAL EXCHANGE

The Board of Trustees recognizes that personal contact between students of different countries and cultures promotes global awareness and international understanding. To that end, the Board welcomes the enrollment of international exchange students and further encourages district students to take any opportunities that they may have to participate in such programs and study in another country.

With Board approval, the district school may establish a sister-school relationship with a school in another country.

International Student Exchange Programs

To enroll in the district school, an international exchange student must be participating in an exchange program registered with the California Attorney General's Office, designated by the U.S. Department of State and accepted for listing on the Council for Standards for International Educational Travel's Advisory List.

When necessary because of overcrowding within the district school or limited district resources, the Superintendent/Principal or designee may limit the number of international exchange students to be accepted at the school during any school year.

The district shall not incur any financial obligations when sending and/or receiving international exchange students. Program sponsors shall provide assurance of their responsibility for health/accident/liability insurance, the student's home placement, and the resolution of any related personal difficulties which may arise.

The Superintendent/Principal or designee shall establish district criteria for issuing regular or honorary diplomas to international exchange students. The Superintendent/Principal or designee shall refer to these criteria when assisting international exchange students in selecting classes and cocurricular activities based on the student's individual qualifications, needs and interests.

(cf. 5127 - Graduation Ceremonies and Activities)
(cf. 6146.1 - High School Graduation Requirements)
(cf. 6146.3 - Reciprocity of Academic Credit)

District staff shall provide relevant counseling to district students who wish to study in a foreign country. District credit for courses successfully completed in the foreign country shall be granted in accordance with Board policy and administrative regulation.
