PHYSICAL EDUCATION AND ACTIVITY**Definitions**

Physical education is a sequential educational program that teaches students to understand and participate in regular physical activity for developing and maintaining physical fitness throughout their lifetime, understand and improve their motor skills, enjoy using their skills and knowledge to establish a healthy lifestyle, and understand how their bodies work.

Physical activity is bodily movement that is produced by the contraction of skeletal muscle and that substantially increases energy expenditure, including exercise, sport, dance, and other movement forms.

Moderate physical activity is any activity which generally requires sustained, rhythmic movements and refers to a level of effort a healthy individual might expend while, for example, walking briskly, dancing, swimming, or bicycling on level terrain. A person should feel some exertion but should be able to carry on a conversation comfortably during the activity.

Vigorous physical activity is any activity which generally requires sustained, rhythmic movements and refers to a level of effort a healthy individual might expend while, for example, jogging, participating in high-impact aerobic dancing, swimming continuous laps, or bicycling uphill. Vigorous physical activity may be intense enough to result in a significant increase in heart and respiration rate.

Instructional Time

Instruction in physical education shall be provided for at least the following minimum period of time: (Education Code 51210, 51222, 51223)

1. For students in grades 1-6, 200 minutes each 10 school days, exclusive of recesses and the lunch period
2. For students in grades 7-8 attending an elementary school, 200 minutes each 10 school days, exclusive of recesses and the lunch period
3. For students in grades 7-8 attending a middle school or junior high school, 400 minutes each 10 school days
4. For students in grades 9-12, 400 minutes each 10 school days

If the instructional minute requirement cannot be met during any 10-day period due to inclement weather, a school assembly, field trip, student assessment, or other circumstance, the school shall make up those minutes on another day in order to satisfy the instructional minute requirement.

PHYSICAL EDUCATION AND ACTIVITY (continued)

The Superintendent/Principal or designee shall determine a method to document compliance with the required number of instructional minutes. Such documentation may include, but not be limited to, a master schedule, teacher roster, or log for staff or students to record the number of physical education minutes completed.

Any complaint alleging noncompliance with the instructional minute requirement for elementary schools may be filed in accordance with the district's procedures in AR 1312.3 - Uniform Complaint Procedures. A complainant not satisfied with the district's decision may appeal the decision to the California Department of Education (CDE). If the district or the CDE finds merit in a complaint, the district shall provide a remedy to all affected students and parents/guardians. (Education Code 51210, 51223; 5 CCR 4600-4687)

(cf. 1312.3 - Uniform Complaint Procedures)

Physical Fitness Testing

During the annual assessment window between the months of February through May, students in grades 5, 7, and 9 shall be administered the physical fitness test designated by the State Board of Education (FITNESSGRAM). (Education Code 60800; 5 CCR 1041)

(cf. 6162.5 - Student Assessment)

The Superintendent/Principal or designee may provide a make-up date for students who are unable to take the test based on absence or temporary physical restriction or limitations, such as students recovering from illness or injury. (5 CCR 1043)

On or before November 1 of each school year, the Superintendent may designate an employee to serve as the district's physical fitness test coordinator and so notify the test contractor. The test coordinator shall serve as the liaison between the district and California Department of Education for all matters related to the physical fitness test. His/her duties shall be those specified in 5 CCR 1043.4, including, but not limited to, overseeing the administration of the test and the collection and return of all test data to the test contractor. (5 CCR 1043.4)

Students shall be provided with their individual results after completing the FITNESSGRAM. The test results may be provided in writing or orally as the student completes the testing and shall be included in his/her cumulative record. (Education Code 60800; 5 CCR 1043.10, 1044)

(cf. 5125 - Student Records)

Each student's test results shall also be provided to his/her parents/guardians.

PHYSICAL EDUCATION AND ACTIVITY (continued)

The Superintendent/Principal or designee shall report the aggregate results of the FITNESSGRAM in the annual school accountability report card required by Education Code 33126 and 35256. (Education Code 60800)

(cf. 0510 - School Accountability Report Card)
