

**SUMMER LEARNING PROGRAMS**

The Board of Trustees recognizes that an extended break from the instructional program may result in significant learning loss, especially among disadvantaged and low-achieving students, and desires to provide opportunities during the summer for students to practice essential skills and make academic progress.

Summer programs offered by the district shall be aligned with the district's local control and accountability plan (LCAP), other applicable district and school plans, and the educational program provided during the school year. When feasible, summer programs shall blend high-quality academic instruction in core curricular and/or elective subjects with recreation, nutrition programs, social and emotional development, and support services that encourage attendance, student engagement in learning, and student wellness.
