If a student participates in such a survey requesting information about personal beliefs and practices, school officials and staff members shall not request or disclose the student's identity.

Notwithstanding the above requirements for prior written consent, the district may administer to students in grades 7-12 anonymous, voluntary, and confidential research and evaluation tools to measure student health risks and behaviors, including tests and surveys about student attitudes or practices related to sex as long as parents/guardians are provided written notice and given an opportunity to request, in writing, that their child not participate. (Education Code 51938)

If the district administers a voluntary survey that already includes questions pertaining to sexual orientation and/or gender identity, the Superintendent/Principal or designee shall not remove such questions. (Education Code 51514)

(cf. 1340 - Access to District Records)

No student shall be subject to penalty for his/her parent/guardian's exercise of any of the rights stated above.
